

[illegible]

Figure 1 is a line graph titled "Percentage of respondents who believe that the use of force is justified in various circumstances." The vertical axis (Y-axis) is labeled "Percentage" and ranges from 0 to 100 in increments of 10. The horizontal axis (X-axis) is labeled "Circumstances" and ranges from 0 to 100 in increments of 10. The graph shows a single line that starts at approximately 10% for circumstance 0 and rises steadily to approximately 95% for circumstance 100. The line is slightly curved, showing a more rapid increase in the percentage of respondents who believe that the use of force is justified as the circumstances become more severe.
